Public Works Monthly Report

To: Honorable Mayor, Council Members, City Administrator

From: Jason VanAusdall, Director of Public Works

Re: Public Works Report for the Month of March, 2010

Significant Events:

- We attended the Midwest APWA Convention this year in WDM.
- 64th & College sewer issue is resolved, only the concrete work need completed after the dirt settles.
- We demoed a skid loader with an asphalt planer; it performed very well on our heaving street joints.
- We have 30 storm sewer intakes that will need different levels of service this year. (The one pictured was recently completely rebuilt).
- Most all of the ROW has been repaired from the snow plow damage this year.
- All of our streets have been swept (Speck Inc,) the debris was taken at no charge-to WDM.
- Dave B. has been very busy with code enforcement issues and storm water items this month.
