Public Works Monthly Report

To: Honorable Mayor, Council Members, City Administrator

From: Jason VanAusdall, Director of Public Works

Re: Public Works Report for the Month of April, 2010

Significant Events:

- W.H & WDM are talking about street sweeping options together.
- We have 3 bids in for a skid loader and are working out details.
- The drainage area between PW & ball field was recently upgraded to handle the flow of storm water.
- We have rebuilt 4 storm sewer intakes so far this spring; they were in dire need of repair.
- The ball field has been very busy this year so far, and has required some maintenance.
- Both parks have been spray & fertilized this spring, plenty of mowing to do.
- The PW drive will be replaced this year, we are in the planning phase.
