

**BUSINESS OF THE CITY COUNCIL  
WINDSOR HEIGHTS, IOWA  
AGENDA STATEMENT**

Item No. 12  
For Meeting of 05.17.10

**ITEM TITLE:** Consideration of a resolution approving the bench and garbage can plan and purchase for the Windsor Heights Community Center.

**CONTACT PERSON(S):** Marketa George Oliver, City Administrator

**SUMMARY EXPLANATION**

During the study session on Monday, April 26<sup>th</sup>, the council reviewed a plan that included benches and garbage can locations to be placed on the concrete patio around the community center. The plan calls for a total of 11 benches of various sizes, 7 garbage cans and 1 bike rack. Attached is a drawing put together by the architect of the various approximate locations of the items. Please note that the only location of a bike rack will now be at the back of the building, near the public restroom and one additional garbage can will be added to the front of the building, in the approximate location of the west side bike rack. The Windsor Heights Public Works Department will be responsible for installing the items. These items will match all the existing benches and garbage cans currently in the park. The quote received is from the one regional sales associate for Dumor. The total cost for these items is \$17,131. There was a total of \$220,000 budgeted for fixtures and furnishings for the community center. In an earlier update of the budget, we had listed an anticipated of \$12,000 for outdoor furniture, but have had to revise that to \$20,000, which includes this purchase and some funding for grills and other bike racks. With this expenditures, the anticipated expenditures in this category will total \$120,000.
