**RE: BRIDGE INSPECTION AND RATING PROGRAM - 2009
CITY OF WINDSOR HEIGHTS**

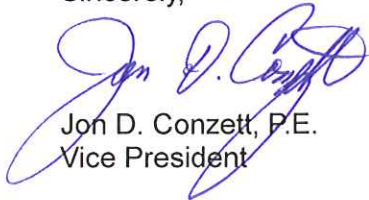

Dear Ms. Oliver:

This Proposal for bridge inspection and rating services is submitted in response to your recent request. We will visually inspect and rate the four bridges shown on the attached list per the Iowa DOT and FHWA guidelines. As you instructed, we will no longer inspect the 15 pavement panels within the left-turn lane along University Avenue west of 66th Street.

We propose to complete the inspection work for a lump sum fee of \$1,000.00. We will perform any required bridge load rating calculations at our current hourly rates. These rates also will apply for any other "extra" work you authorize under this contract.

Please review this proposal and, if it is acceptable, return one signed and dated copy to me. We will do another good job for you and the City of Windsor Heights.

Sincerely,

Jon D. Conzett, P.E.
Vice President

ACCEPTED FOR THE CITY OF WINDSOR HEIGHTS
