

**BUSINESS OF THE CITY COUNCIL  
WINDSOR HEIGHTS, IOWA  
AGENDA STATEMENT**

Item No. 6b  
For Meeting of 10/05/09

**ITEM TITLE:** Approving I-Jobs road fund expenditure not to exceed the awarded amount of \$21,362.44.

**CONTACT PERSON:** Marketa George Oliver, City Administrator

**SUMMARY EXPLANATION**

As part of the I-JOBS legislation passed earlier this year by the Iowa Legislature and approved by Governor Culver, the City of Windsor Heights has received \$21,362.44 to be used for road construction or repair. The city has a section of road on University near the 70<sup>th</sup> Street intersection in need of complete new concrete. The concrete is badly broken up beyond any possible repair and needs to be replaced. The City requested bids and received two bids for repair. The City would like to accept the low bid from C. Green Contractor in the amount of \$16,849. Because of the area where this is located, traffic control will also be required with an additional cost for staffing. Any remaining funds after paying for public works time and the contractors work will be used to purchase asphalt throughout the winter and spring as pot holes are needing repair.

____ Resolution _____ Ordinance ____ Contract _____ Other (Specify) _____
Funding Source <u>I-JOBS road money</u>
APPROVED FOR SUBMITTAL _____ <div style="text-align: center;"> City Administrator</div>

**STAFF RECOMMENDATION:** Pass the resolution authorizing the appropriate actions to submit the grant application.
