### **Windsor Heights to Remove Speed Cameras**

The City of Windsor Heights will be removing their speed cameras this spring.

The Windsor Heights City Council voted in favor of removing the speed camera on University Avenue at their December 2<sup>nd</sup> City Council meeting. The Council evaluated the program and decided not to renew the contract for the camera.

“This speed camera program coupled education with enforcement to keep the City safe and reduce speeding. It successfully reduced speeding along University Avenue by 50-percent,” said Public Safety Director/Chief of Police Chad McCluskey.

The speed limit will be enforced in other ways when the cameras are gone.

“Speed cameras have proved their worth, but the contract is over. Enforcement will continue, be it as a different method,” said Windsor Heights Mayor Dave Burgess.

The camera will be removed when the contract ends on April 21, 2020 and will continue to issue tickets until that date.
