The City of Windsor Heights will be completing roadway reconstruction in your neighborhood later this year.

As with any project, there will be temporary changes to normal traffic and access to your property. We will work to minimize these impacts as much as possible. Your comments are valuable to us. We encourage you to use this form to share concerns, and help us develop a project best suited for your neighborhood and the community. The form may be returned in the enclosed return envelope. For your convenience, we've also created a way for you to submit the form online. Please find instructions for online submissions at the end of the form.

Construction of this project is anticipated for the 2016 construction season.
