### **City of Windsor Heights Snow Ordinance**

The City of Windsor Heights would like to remind its residents not to park on the street when it snows and 24 hours after the snowfall ends. Failure to do so could result in a \$25 citation (City Code 60.10.10 & 60.11.03). Also, sidewalks must be cleared 48 hours after the snowfall ends.

The top priority for snow removal is opening up streets so that police cars, fire engines, and ambulances can respond to emergencies. The second priority for snow removal is access in and out of driveways for residents. Operations are prioritized as follows:

- Priority 1 — Major Streets/Collectors (blizzard or blowing snow conditions, maybe require repeat attention before moving to Priority 2)
- Priority 2 — Hills and Ice Prone Areas (to minimize the potential for accidents)
- Priority 3 — Residential Side Streets
- Priority 4 — Trails, Public Facilities, and Public Parking Spaces

If your street has not been plowed, it is because we are working on opening up the main thoroughfares. Our snow removal operations do not stop until all streets have been cleared. If you think that a plow driver has missed your street, please call City Hall at 515-279-3662.

The Iowa DOT does snow removal on I-235 and 63<sup>rd</sup> Street (Highway 28) through Windsor Heights.
